### Amazing card

I went from an RX 580 to this. All of your games running at your monitor's refresh rate, at max settings is a great thing to have. I've never had any current series card so it's definitely met my expectations.

Verified purchase: Yes | Condition: New

### Awesome product

Awesome Product however due to the scammers selling Graphics cards way above retail this is NOT a good price.

Verified purchase: Yes | Condition: New

### First time using FTW3 - works great

Cards are performing well. First time using the FTW3. I'll buy more as I can

Verified purchase: Yes | Condition: New
